

Application for Membership

Mountainside Rescue Squad

1399 U.S. Highway 22 East

Mountainside, NJ 07092

squad@ems22.com

908-233-6338

Thank you for your interest in joining the Mountainside Rescue Squad. The following is a general guide for the membership process.

1. Submit your completed application, excluding the letters of recommendation and physical section, to the rescue squad via mail or by placing the application in the squad's mailbox.
2. Ask the two persons writing your letters of recommendations to complete and mail the recommendations directly to the squad.
3. Ask your physician to complete the Physical section and return it to you to be submitted with your application.
4. The Executive Board will review your application at the next board meeting, usually on the first Wednesday of the month.
5. You will be asked to meet with the Executive Board at that meeting or the following meeting.
6. After the review of the application and the recommendations, the Executive Board will then inform you as soon as possible of your membership status.

We highly encourage you to type in the information

Authorization

I hereby certify that all of the information I supply in this application is correct to the best of my ability. I understand that this application will be reviewed by the Executive Board of the Mountainside Rescue Squad. I understand that they will contact my references, and interview me. I understand that if I am selected for membership, they will check my driving record, and perform a background check. I understand that any falsifications on this application or in my interview may prevent my acceptance as a member or be cause for expulsion from the squad if found after my acceptance. If accepted I agree to uphold the bylaws and any other rules and regulations of the Mountainside Rescue Squad.

SIGNATURE

(IF UNDER 18, signature of parent or guardian is required)

EMT Physical Activity Requirements

Mobility

The applicant must have physical abilities sufficient to lift, balance, and carry patients in excess of 125 lbs (250 lbs with the assistance of another person) from initial location to ambulance including negotiating stairs, hazardous terrain, and/or uneven terrain. Safely operate heavy manual/power equipment and drive large vehicles, under extreme environmental conditions.

Examples:

- Enter/exit ambulance without assistance.
- Perform physical activities involved with EMS delivery for up to 12 continuous hours without a break.
- Negotiate hazardous scenes in all environmental extremes including but not limited to light/dark, heat/cold, wet/dry/frozen scenes.
- Must be able to don appropriate personal protective devices (PPDs) without assistance. Examples include but are not limited to gloves, masks, respirators, eyewear, and gowns.

Motor Skills

The applicant must have the physical ability to perform gross and fine motor skills required in the normal duties of EMS. This includes but is not limited to CPR, bandaging, splinting, childbirth, extrication, oxygen and pharmacological administration, defibrillation, equipment relocation, and patient handling.

Examples:

- Perform physical tasks requiring prolonged physical exertion including but not limited to CPR, walking for long periods of time while carrying equipment and/or patients, assisting in vehicle extrication, extrication of a victim from the confines of a structure (residence, business, industry, or mobile dwelling).
- Perform physical tasks requiring detailed activity.
- Perform physical tasks requiring walking, crawling, stooping, bending, kneeling, or working prone or supine including but not limited to patient transfer, movement, and extrication.

Self-Care

The applicant must have the ability to present professional appearance and implement measures to maintain their own health.

Examples:

- Implement universal precaution and other appropriate means of body substance isolation.
- Wear and function in personal protective clothing.
- Participate in stress management activities.

Hearing

The applicant must have the auditory ability (with or without accommodation) sufficient to assess and monitor patient's health needs, to determine personal danger at emergency scenes, hear requests for aid, and hear verbal orders and instructions from members of the medical care team.

Examples:

- Assess breath sounds (qualitative and quantitative)
- Assess blood pressure by auscultation
- Assess sounds associated with upper airway obstruction
- Hear physician orders via standard radio or telephone links
- Hear dangers/warnings associated with hazardous scenes
- Hear audible signals during rescue operation
- Hear voices under protective equipment
- Hear Dispatchers communication via standard radio and telephone links
- Hear preceptors instructions and directions
- Hear warning devices on other vehicles that may be encountered during the operation of an emergency vehicle. Examples include but are not limited to approaching sirens, backup alarms, and horns.

EMT Physical Activity Requirements (cont'd)

Visual

The applicant must have visual ability (with or without accommodation) sufficient for assessment, observation, and implementation of patient care, for determination of scene hazards that potentially affect the well-being of self, patient, coworkers, and for driving an emergency vehicle.

Examples:

- Read and understand orders and/or instructions.
- Observe and identify patient signs including but not limiting to paleness (white), cyanosis (blue), erythema (redness), jaundice (yellow), ecchymosis (bruising), swelling, burns, blisters, deformity, hemorrhage, fluid and blood loss, pupillary response, reflexes, hives, and pitting edema.
- Observe patient responses to treatment.
- Read labels on medication.
- Investigate scenes to determine cause and severity of injury/illness.
- Prepare documentation.
- Perform patient care techniques that require fine visual skills including but not limited to suctioning, pharmacological administration of patient's medications, bandaging, and splinting.
- Perform patient care techniques that require visual skills necessary to prevent injury to other parties including but not limited to: defibrillation, patient handling, extrication, and rescue coordination.
- Perceive depth such as hives and pitting edema.

Smell

The applicant must have olfactory senses sufficient for maintaining environmental, patient, and personal/coworker safety.

Examples:

- Determine smells contributory to patient assessment such as fruity odors, alcohol smell, and acetone.
- Determine smells contributory to self-preservation and safety of patients and coworkers including but not limited to smoke, burning materials, gasoline and noxious fumes.

Tactile

The applicant must have tactile ability sufficient to assess physical health and perform activities requiring dexterity combined with tactile ability.

Examples:

- Palpate pulses (quantitative and qualitative).
- Palpate blood pressure.
- Palpate crepitus.
- Palpate subcutaneous emphysema.
- Palpate rigidity/guarding of abdomen.
- Palpate edema.
- Palpate anatomical structures to determine normalcy/abnormality.
- Palpate masses.
- Assess skin temperature and diaphoresis (presence/absence).
- Determine presence of fluid on patients in dark environments.
- Safely handle sharps such as needles and lancets.
- Open medication containers such as prescription bottles and ampules.
